

Vincent "Vinnie" Carlucci Hybrid Cloud Broker

Vincent A. Carlucci serves as the Hybrid Cloud Broker and Project Lead for the Customer Engagement and Implementation Division at the Defense Information Systems Agency (DISA). With over 20 years of experience in strategic communications, stakeholder engagement, and IT project leadership, he is responsible for defining the engagement strategy for enterprise-wide DoD cloud services and translating complex technical capabilities into mission-focused value for the warfighter.

Prior to his current role, Mr. Carlucci directed a large-scale Oracle implementation for the Army's Integrated Personnel and Pay System (IPPS-A), where his leadership was instrumental in achieving project success. His expertise spans Hybrid Cloud Solutioning, IT Project Management, and Stakeholder Engagement, with a focus on bridging the gap between complex IT infrastructure and mission partner requirements. He has a proven track record in crafting strategic messaging for large-scale cloud initiatives and managing communications between senior leadership, technical teams, and Strategic Partners.

Mr. Carlucci's contributions have been recognized with numerous honors, including the DISA "IN THE SPOTLIGHT" Award for his significant contributions to the Joint Warfighting Cloud Capability (JWCC) program. He has also been named a Senior Civilian of the Year and is a recipient of the Commander's Award for Civilian Service.
