

**Val King**  
**CEO**  
**Whitehat Virtual Technologies**

Val is the CEO of Whitehat Virtual Technologies and is responsible for day-to-day operations, as well as leading the company's product development and technology strategy.

Val has 20 years of experience in technology, compliance, and security in regulated industries, particularly in financial services and healthcare.

Currently, Val serves in a dual role as CIO for a regional bank, and formerly as the CIO of a healthcare system.

He is also a NVIDIA vGPU Community Advisor and works with Ascent on their security compliance portal.
